PACKING

6.25 Lbs (2.84 kg), 12.5 Lbs (5.67 kg),
25 Lbs (11.34 kg), 50 Lbs (22.68 kg), 100 Lbs (45.36 kg).

MICROENCAPSULATED MULTI-MICRONUTRIENTS

(Copper, Zinc, Manganese, Magnesium, Iron and Boron 2% Each)

PRODUCT FEATURES

- Plant essential nutrients Copper, Zinc, Manganese, Magnesium, Iron and Boron at 2% each microencapsulated with vegetable proteins.
- Water soluble powder formulation to correct deficiencies, healthy germination, growth, flowering and yields.
- Prevents positively charged minerals from binding with negatively charged leaf and soil surfaces and adsorption into soil.
- Formulation delivers natural minerals efficiently into plants and vegan peptides are instantly used in nitrogen metabolism.
- Prevents plant diseases associated with mineral deficiencies.
- Provides nutrition to beneficial microbial population when applied in soil.
- Compatible and synergistic with nutrients and crop protection products.
- The product is recommended in foliar and soil applications.

PRODUCT BENEFITS

- Corrects mineral deficiencies, enhances growth and yields.
- Prevents plant diseases associated with mineral deficiencies.

PRODUCT USE RECOMMENDATIONS

- **Foliar use:** Apply 2-16 OZ/ acre (60-500 gm). Applications may be made 2-3 times during crop season.
- **Drip use:** Apply 2-16 OZ/ acre (60-500 gm). Applications may be made 2-3 times during crop season.
- **Sprinkler use:** Apply 2-16 OZ/ acre (60-500 gm). Applications may be made 2-3 times during crop season.
- **Container and Nursery Plants:** Apply 1-4 OZ/ Gallon (30-120 gm) water as a soil drench application.
- Use in conjunction with regular crop nutrition programs.

RECOMMENDED CROPS

Recommended for all crops including vegetables, fruit trees, nut trees, row crops, feed and forage crops, ornamental trees, flowers, shrubs, container plants, turf and public greens.
